OFFICER HIGHLIGHT: KELSEY BART

On September 24, 1998, a girl by the name of Kelsey Bart came into this world. She grew up in the rural area of Claremore, Oklahoma. As time went on she soon became active in cheerleading and fell in love with it. Her favorite part about cheerleading was being able to spend time with all the girls and cheering at football games. Later on in life she became active in Student Council, National Junior Honor Society, and Technology Student Association (TSA). She joined TSA in 6th grade and since then Kelsey has been very active in this wonderful organization. A few of her highlights

consist of chapter team or debate. In May 2012, Kelsey was elected as TSA state Sergeant-At-Arms and has thoroughly enjoyed it. TSA has helped her with public speaking and has taught her leadership skills that she can fully utilize, not only in school but also in life. Her greatest memory she has had in TSA was when she was on her way home from Nationals with Mr. Isenbart and they ran out of gas. Through out her life cheerleading and TSA has been her favorite two hobbies. This is her 3rd year of being in TSA and plans to be in it awhile longer.
