

# Behavioral Health Fast Facts

## January 2012

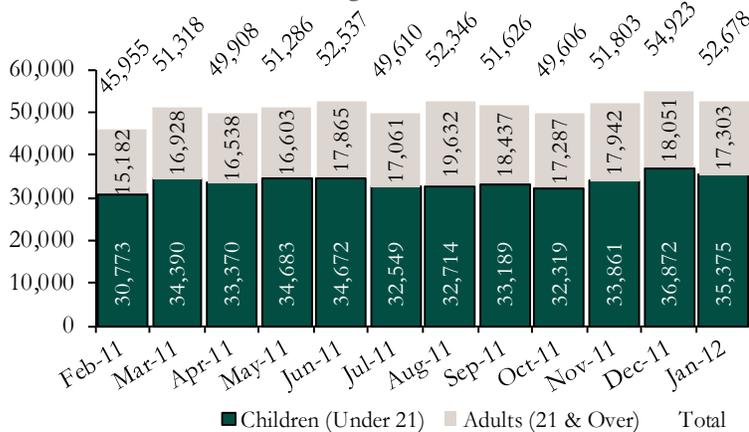

OHCA's Behavioral Health Program provides a behavioral health care benefit for adults 21 years of age and older and children under 21 years of age who are enrolled in SoonerCare (Traditional & Choice) programs.

\* Due to federal regulations, the OHCA must have an approved agreement on file for all providers providing care to our members. The October 2011 increase in behavior health providers represents OHCA's decision to enroll providers who were previously providing services in an outpatient behavioral health agency or community mental health center without an agreement on file.

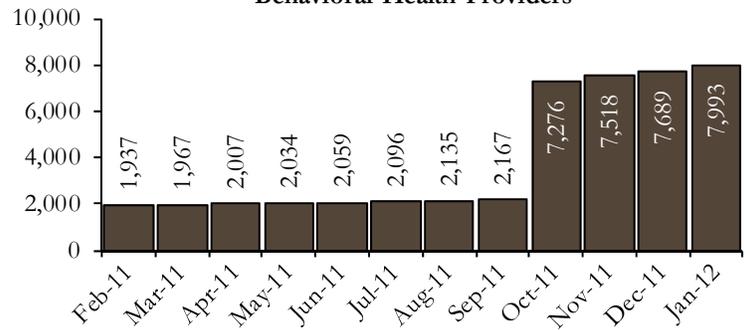

The enrollment numbers are SoonerCare only, Individual Plan (IP) is excluded, all other figures include both SoonerCare and IP.

<sup>1</sup> The Total is an unduplicated count, members are only being counted once. Members Served counts members multiple times if they have multiple Category of Services, however, they are only counted once under each Category of Service.

\*\* The Outpatient category consists of agencies providing mental health, substance abuse, and TCM (Target Case Management).

<sup>1</sup> Behavioral Health Services Reimbursement is based on category of service. It does not include diagnosis information, which may not include all the expenses related to behavioral health services. Behavioral Health Services Reimbursement average 9% of the overall annual SoonerCare budget (excluding Psychotropic Drugs<sup>2</sup>).

<sup>2</sup> Prescription claims that are not coded with diagnostic information and drugs used to treat behavioral health conditions may be used for some physical health conditions as well. This figure includes all uses of the drugs included within the behavioral health categories.

Reporting of figures are based on the payment date of the claims. Trends from month to month vary due to sporadic billing.
