

PROJECT AND PORTFOLIO MANAGEMENT TOOL

OMES provides the HP Project and Portfolio Management (PPM) tool to standardize, manage and capture the execution of projects and resources. The PPM tool provides state agencies and executives with visibility into planned and ongoing projects across the organization.

Services include:

- Top-down planning capabilities that are supported with detailed project plans.
- Real-time enterprise reporting and support for ad hoc queries to enable strategic decision making.
- Financial management capabilities for operations to rapidly adapt budgets and resources as business objectives change.
- Simplified tools to assess all current applications.
- Application portfolio management.

Components:

- Portfolio Management
- Application Portfolio Management
- Program Management
- Project Management
- Financial Management
- Resource Management
- Change Management
- Software Enhancement Management
- Technical Enhancement Management
- Customized workflow

Types of PPM Tool Licenses:

OMES offers two types of licenses for the PPM tool, Full and View.

FULL LICENSE

Full users have access to the PPM tool. They are usually project/portfolio managers. Most buttons are available to Full users, and they have access to most of the features within the tool.

VIEW LICENSE

View users have limited access to the PPM tool. They are able to create project requests, issues, scopes and risks. They have full access to change management, enhancement management and workflows. Their access is subject to limitations within the project workflows.

PPM TOOL TRAINING

OMES provides training to licensed PPM Tool users. The training is free and is normally offered quarterly. The OMES ISD Project Management Office (PMO) conducts all training courses as defined below:

PPM Tool for Project Managers

2 Day

PPM Tool for Resource Managers

1 Day

Software Enhancements

1/2 Day

Technical Enhancements

1/2 Day

Change Management

2 hour

PPM Tool for Portfolio Managers

1 Day

PPM Tool for Stakeholders

1/2 Day

Training can be requested by contacting the OMES Service Desk.

PPM TOOL SUPPORT

PMO is available during normal business hours to assist with any questions regarding the PPM tool. They can be reached through the OMES Service Desk.
