#### Improving Education and Making a Difference

Greetings!

As always, we stay busy doing the work of improving education and making a difference in the lives of students! As we embark upon a new academic year, please know that the work you do is necessary and meaningful. Your contributions to improving teaching and learning leave a lasting mark on the tapestry of the education landscape and we appreciate all you do for this state!

In this edition of the TeachLINK, you will find stories that reflect the positive impact our efforts are making on educators and students. It is most rewarding to see new beginnings and lasting impressions that highlight the good work being done to further education in our state.

I hope you enjoy reading this edition of the TeachLINK!

Sincerely,
