Today, Oklahoma Child Care Services licenses more than 4,200 child care centers and homes in the state. Licensing Specialists assist facilities by ensuring the maintenance of minimum requirements for care and supervision of children away from their own home, encouraging and assisting child care facilities toward higher quality of care, and working for the development of sufficient and adequate services for child care through joint work of public and private agencies.

Requirements for operating a child care facility may be obtained through your local Oklahoma Department of Human Services Center or by visiting our website at <http://www.okdhs.org>

*“Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it is the only thing that ever has.”*

- Margaret Mead
